

## Welcome

It has been a very big year at Kip McGrath Education Centres. We cannot believe it is term four already, what a year!

Term four is a very important term for growth. With schools slowing down and less homework being given out towards the end of the year, Kip McGrath keeps up the hard work bridging the gaps to their classmates. This also ensures that the growth which has been made over the year does not stop and we continue our journey towards our long term goal.

We have been very lucky to have some amazing new things happening within the organisation from the launch of our online tuition to a new competition running in term four.

Kip McGrath has already had a massive year of fun and successful educational competitions. Our centres have been very lucky to have a winner within all of these outstanding competitions. Congratulations to the student who participated in the past competitions.
